RE: Approval by FCTC of E-Filing Proposal to Expand Slash S to all Electronic Attorney Filers in Manatee County and Permission to Expand "JudgeSign" Application into Manatee County

Dear Mr. Shore:

As a follow up to my letter dated February 20, 2008, to Supreme Court Clerk, Thomas D. Hall on which you were copied, I wanted to formally advise you that the Florida Courts Technology Commission (FCTC) reviewed and approved your e-filing request on January 31, 2008. Since the Supreme Court has authorized the FCTC to approve requests of this nature, there will be no need for a Supreme Court administrative order and this letter will serve as your approval to move forward.

If you have any additional questions or concerns regarding this matter, please do not hesitate to contact me.

Sincerely,

Judith L. Kreeger
Chair, Florida Courts Technology
Commission
